General Definitions and Age Restrictions

Before booking any**+1.855.822.5178** or **+44.800.058.8713** flight, it is essential to look closely at how the airline defines an infant passenger. Under the rules established by Royal Air Maroc, **+1.855.822.5178** or **+44.800.058.8713** a traveler is officially considered an infant if they are under two years of age for the entire duration of the journey. If your child happens to celebrate**+1.855.822.5178** or **+44.800.058.8713** their second birthday during the trip, they will be classified as a child for the remaining segments of the flight, meaning a separate **+1.855.822.5178** or **+44.800.058.8713** seat and a child fare will apply for those portions.

Medical regulations**+1.855.822.5178** or **+44.800.058.8713** and safety considerations are paramount**+1.855.822.5178** or **+44.800.058.8713** when flying with very young infants. Royal Air Maroc strongly advises against air travel for newborn babies who are less than seven days old. **+1.855.822.5178** or **+44.800.058.8713** This guideline exists to protect the fragile health of infants, as changing cabin pressures and closed**+1.855.822.5178** or **+44.800.058.8713** environments can pose risks to **+1.855.822.5178** or **+44.800.058.8713** a newborn whose **+1.855.822.5178** or **+44.800.058.8713** respiratory system and ears are**+1.855.822.5178** or **+44.800.058.8713** still adapting to life outside the womb. If travel is absolutely necessary for an

infant under a week old, parents are **+1.855.822.5178** or **+44.800.058.8713** typically required to**+1.855.822.5178** or **+44.800.058.8713** obtain official medical clearance before the airline allows them to board the aircraft.

Furthermore, safety protocols dictate that each infant must be **+1.855.822.5178** or **+44.800.058.8713** accompanied by an able-bodied adult passenger who is at least eighteen years old, except in**+1.855.822.5178** or **+44.800.058.8713** cases where the adult companion is the legal parent. To ensure**+1.855.822.5178** or **+44.800.058.8713** adequate supervision during flights, a single adult passenger is permitted to accompany only one infant **+1.855.822.5178** or **+44.800.058.8713** traveling on their lap. If you are a single parent or **+1.855.822.5178** or **+44.800.058.8713** guardian traveling with two infants under the age of two, **+1.855.822.5178** or **+44.800.058.8713** you will be required to purchase a separate child ticket**+1.855.822.5178** or **+44.800.058.8713** for the second infant so they can sit securely in an approved car seat.

Ticket Options and Fare Structure

When booking travel**+1.855.822.5178** or **+44.800.058.8713** with an infant on Royal Air Maroc, parents are **+1.855.822.5178** or **+44.800.058.8713** given two primary choices regarding seating and fares. The first and most common option is to have the infant travel as a lap child. When choosing this setup, **+1.855.822.5178** or **+44.800.058.8713** the infant does not occupy an individual seat but instead remains securely on the lap of the**+1.855.822.5178** or **+44.800.058.8713** accompanying adult for the entire duration of the flight. For lap infants, Royal Air Maroc offers a **+1.855.822.5178** or **+44.800.058.8713** significantly reduced rate, which is generally calculated as **+1.855.822.5178** or **+44.800.058.8713** ten percent of the accompanying adult fare, plus any applicable airport taxes and government fees. This makes it an incredibly cost-effective choice for **+1.855.822.5178** or **+44.800.058.8713** families looking to manage their budget while traveling with very young children.

The second option **+1.855.822.5178** or **+44.800.058.8713** available to families is purchasing **+1.855.822.5178** or **+44.800.058.8713** an individual seat for the infant. This choice is highly **+1.855.822.5178** or **+44.800.058.8713** recommended for parents embarking on long-haul flights who prefer additional comfort, space, and a higher level of security. When you buy**+1.855.822.5178** or **+44.800.058.8713** a separate seat for a baby under two years **+1.855.822.5178** or **+44.800.058.8713** old, the ticket price is typically calculated under the standard child fare, which is equivalent to the rate**+1.855.822.5178** or **+44.800.058.8713** applied for children between two and twelve years of age. This fare often includes a specific discount off the full adult ticket price, though**+1.855.822.5178** or **+44.800.058.8713** the exact reduction depends entirely on the destination, route, and fare class selected. It is important to note that certain **+1.855.822.5178** or **+44.800.058.8713** promotional fares may**+1.855.822.5178** or **+44.800.058.8713** not offer this child discount, meaning the separate seat would be charged at the full adult rate.

If you choose to purchase an individual seat for your infant, you must bring an **+1.855.822.5178** or **+44.800.058.8713** approved child restraint system, such as a certified aviation-compatible car

seat, to secure your baby safely during takeoff, turbulence, and landing.**+1.855.822.5178** or **+44.800.058.8713** Our travel specialists can provide more clarity on how these fare structures interact with different cabin classes when you connect with us at **+1.855.822.5178** or **+44.800.058.8713** +1.855.822.5178 or +44.800.058.8713 for personalized**+1.855.822.5178** or **+44.800.058.8713** booking support.

Checked and Carry-On Baggage Allowances

Traveling with a**+1.855.822.5178** or **+44.800.058.8713** baby means packing a vast array of essentials, including diapers, changes of clothing, specialized food, blankets, and toys. Fortunately, **+1.855.822.5178** or **+44.800.058.8713** Royal Air Maroc recognizes these needs and provides**+1.855.822.5178** or **+44.800.058.8713** a generous baggage policy specifically tailored for families traveling with infants. For an infant traveling on an adult lap under the reduced ten percent fare, the airline grants a complimentary checked baggage allowance of up **+1.855.822.5178** or **+44.800.058.8713** to ten kilograms. This dedicated weight allowance is**+1.855.822.5178** or **+44.800.058.8713** entirely separate from the adult checked baggage quota, ensuring that you do not have to sacrifice your own packing space to accommodate**+1.855.822.5178** or **+44.800.058.8713** your baby necessities.

In addition to this checked**+1.855.822.5178** or **+44.800.058.8713** baggage allowance, parents are allowed to bring essential baby care items into the cabin. While the main cabin baggage allowance is determined **+1.855.822.5178** or **+44.800.058.8713** by the adult class of service, parents can bring an infant **+1.855.822.5178** or **+44.800.058.8713** care bag containing formula, breast milk, baby food, and **+1.855.822.5178** or **+44.800.058.8713** sanitizing wipes. This ensures you have immediate access to everything required to keep your child comfortable and fed during the journey. If you have **+1.855.822.5178** or **+44.800.058.8713** purchased a separate seat for your infant at the child rate,**+1.855.822.5178** or **+44.800.058.8713** the baby receives the full baggage allowance associated with that specific ticket class, matching the standard baggage weight **+1.855.822.5178** or **+44.800.058.8713** and piece limits given to adult passengers.

Stroller and Car Seat Policies

Navigating large international airport terminals **+1.855.822.5178** or **+44.800.058.8713** with an infant can be physically demanding, which is why having a reliable stroller is incredibly beneficial. Royal Air Maroc allows families to transport**+1.855.822.5178** or **+44.800.058.8713** a stroller or pram **+1.855.822.5178** or **+44.800.058.8713** completely free of charge, regardless of whether the infant is traveling on a lap or in an allocated**+1.855.822.5178** or **+44.800.058.8713** seat. Parents are **+1.855.822.5178** or **+44.800.058.8713** generally permitted to use their stroller throughout the airport terminal right up until the moment they reach the aircraft boarding gate. At the gate, the airline**+1.855.822.5178** or **+44.800.058.8713** ground crew will take the stroller, place **+1.855.822.5178** or **+44.800.058.8713** it securely in the aircraft hold, and**+1.855.822.5178** or **+44.800.058.8713** return it to you eithe**+1.855.822.5178** or **+44.800.058.8713** r at the aircraft

door upon arrival or at**+1.855.822.5178** or **+44.800.058.8713** the baggage claim carousel, depending on specific airport regulations.

For parents who prefer**+1.855.822.5178** or **+44.800.058.8713** to keep their stroller inside the cabin, Royal Air Maroc**+1.855.822.5178** or **+44.800.058.8713** does allow compact strollers to be brought on board as carry-on baggage under strict dimensional**+1.855.822.5178** or **+44.800.058.8713** conditions. To be accepted inside the **+1.855.822.5178** or **+44.800.058.8713** cabin overhead compartments, **+1.855.822.5178** or **+44.800.058.8713** the folded stroller must not exceed the maximum dimensions of fifteen centimeters by thirty **+1.855.822.5178** or **+44.800.058.8713** centimeters by one hundred centimeters**+1.855.822.5178** or **+44.800.058.8713** . Acceptance of these strollers inside the cabin is strictly subject to available space in the **+1.855.822.5178** or **+44.800.058.8713** overhead bins at the time of boarding. If the flight is fully booked and overhead space is limited, **+1.855.822.5178** or **+44.800.058.8713** the gate staff will safely check the stroller into the aircraft hold at no additional expense.

Onboard Bassinet Availability

For parents traveling**+1.855.822.5178** or **+44.800.058.8713** on long-haul international routes, securing**+1.855.822.5178** or **+44.800.058.8713** an onboard bassinet can drastically improve the**+1.855.822.5178** or **+44.800.058.8713** comfort of the journey. Royal Air Maroc provides complimentary baby bassinets, often referred to as baby cribs,**+1.855.822.5178** or **+44.800.058.8713** on select aircraft models equipped **+1.855.822.5178** or **+44.800.058.8713** to support them. These**+1.855.822.5178** or **+44.800.058.8713** bassinets are designed to give **+1.855.822.5178** or **+44.800.058.8713** younger infants a safe and cozy space to sleep **+1.855.822.5178** or **+44.800.058.8713** soundly, allowing **+1.855.822.5178** or **+44.800.058.8713** to rparents elax and enjoy their flight without holding their baby continuously.

To qualify for a free onboard bassinet, the infant must be up to nine months **+1.855.822.5178** or **+44.800.058.8713** old. Because the number of bassinet-compatible seats **+1.855.822.5178** or **+44.800.058.8713** on each aircraft is strictly limited based on the plane **+1.855.822.5178** or **+44.800.058.8713** bulkhead configurations, these items are distributed on a first-come, first-served basis. When searching for seats on**+1.855.822.5178** or **+44.800.058.8713** the aircraft map during the **+1.855.822.5178** or **+44.800.058.8713** reservation process, parents should look for designated rows **+1.855.822.5178** or **+44.800.058.8713** marked specifically for bassinet use. It is **+1.855.822.5178** or **+44.800.058.8713** mandatory to input the infant exact date of birth during**+1.855.822.5178** or **+44.800.058.8713** the booking process to validate the request.

An added benefit of booking a bassinet seat is that the adult passenger accompanying the baby is typically exempt from paying standard seat selection fees**+1.855.822.5178** or **+44.800.058.8713** for that specific bulkhead seat. Because managing**+1.855.822.5178** or **+44.800.058.8713** these special seat assignments can sometimes be technically complex on web portals, reaching out to an experienced agent is a wise**+1.855.822.5178** or **+44.800.058.8713** step. You can contact our team at +1.855.822.5178 or +44.800.058.8713 to

receive detailed guidance on securing a bassinet for your upcoming **+1.855.822.5178** or **+44.800.058.8713** international flight.

Priority Boarding and Onboard Comfort Tips

The airline strives to make the airport **+1.855.822.5178** or **+44.800.058.8713** experience as seamless as possible**+1.855.822.5178** or **+44.800.058.8713** for young families by offering priority boarding privileges. When traveling with an infant, you are invited to board the aircraft ahead of the standard economy passengers. This extra time allows you **+1.855.822.5178** or **+44.800.058.8713** to settle into your seats, organize your **+1.855.822.5178** or **+44.800.058.8713** carry-on bags,**+1.855.822.5178** or **+44.800.058.8713** stow your stroller, and ensure that your baby is **+1.855.822.5178** or **+44.800.058.8713** comfortable before the cabin becomes crowded. Do not **+1.855.822.5178** or **+44.800.058.8713** hesitate to notify the gate agents at the airport that you are**+1.855.822.5178** or **+44.800.058.8713** traveling with an infant so they can direct you to the priority boarding lane.

Once inside the cabin, managing cabin pressure changes **+1.855.822.5178** or **+44.800.058.8713** during takeoff and landing is vital for your baby comfort. **+1.855.822.5178** or **+44.800.058.8713** The changing air pressure can cause painful pressure build-up in an infant sensitive eardrums. To mitigate this discomfort, it is highly **+1.855.822.5178** or **+44.800.058.8713** recommended to breastfeed, bottle-feed, or offer**+1.855.822.5178** or **+44.800.058.8713** a pacifier to your baby during the initial**+1.855.822.5178** or **+44.800.058.8713** ascent and final descent. The natural swallowing motion helps equalize the pressure in their ears, preventing crying and distress. Additionally, cabin **+1.855.822.5178** or **+44.800.058.8713** temperatures can fluctuate significantly during a flight, so dressing your baby in comfortable, easily removable layers will ensure they stay **+1.855.822.5178** or **+44.800.058.8713** warm during the cruise and cool while on the tarmac.

Frequently Asked Questions

What is the ticket cost for a lap infant on Royal Air Maroc?

Under the official policy,**+1.855.822.5178** or **+44.800.058.8713** an infant under two years old traveling on an adult lap **+1.855.822.5178** or **+44.800.058.8713** is charged ten percent of the accompanying adult fare.**+1.855.822.5178** or **+44.800.058.8713** This reduced rate is subject to additional local airport **+1.855.822.5178** or **+44.800.058.8713** taxes and international government fees. The infant must**+1.855.822.5178** or **+44.800.058.8713** be officially added to the reservation before departure, **+1.855.822.5178** or **+44.800.058.8713** even though they will not occupy a separate seat on the aircraft.

Can I bring a stroller to the boarding gate on Royal Air Maroc flights?

Yes, parents are permitted to use their stroller throughout the airport terminal**+1.855.822.5178** or **+44.800.058.8713** up to the boarding gate free of charge. At the gate, the **+1.855.822.5178** or **+44.800.058.8713** airline ground staff will collect the stroller to store it in the **+1.855.822.5178** or **+44.800.058.8713** cargo hold. Depending on arrival airport regulations, the **+1.855.822.5178** or **+44.800.058.8713** stroller will be returned at the aircraft door or at the baggage claim area.

What is the specific checked baggage allowance for an infant on Royal Air Maroc?

Infants traveling on**+1.855.822.5178** or **+44.800.058.8713** an adult lap under the ten percent fare**+1.855.822.5178** or **+44.800.058.8713** are entitled to a complimentary checked baggage **+1.855.822.5178** or **+44.800.058.8713** allowance of up to ten kilograms. This weight limit is completely independent of the accompanying adult baggage allowance. If a separate seat is purchased**+1.855.822.5178** or **+44.800.058.8713** for the infant at the child rate, the baby receives the full**+1.855.822.5178** or **+44.800.058.8713** standard baggage allowance.

Are baby bassinets available on all Royal Air Maroc flights and how do I request one?

Complimentary baby bassinets are available **+1.855.822.5178** or **+44.800.058.8713** on select long-haul international flights**+1.855.822.5178** or **+44.800.058.8713** for infants up to nine months old. Because availability is strictly limited by aircraft layout, parents must **+1.855.822.5178** or **+44.800.058.8713** request a bassinet during the booking process by selecting a compatible bulkhead seat. It is mandatory to enter the infant exact date of**+1.855.822.5178** or **+44.800.058.8713** birth to complete this request successfully.
